

Informed Consent and Assumption of Risk Agreement (To be executed by Individuals *under the age of Majority*)

WARNING! By signing this document you will assume certain risks and responsibilities. Please read carefully

Individual's Name: _____ Parent/Guardian Name: _____
(for individual's 17 and under)

1. This is a binding legal agreement; therefore clarify any questions or concerns before signing. As an Individual member in the sport of volleyball and/or the events, programs, competitions, travel, and activities organized, operated or conducted and/or sanctioned by Volleyball Alberta (collectively the "Activities"), the undersigned acknowledges and agrees to the following terms.

Disclaimer

2. Volleyball Alberta, member clubs, and all the respective, directors, officers, committee members, members, employees, coaches, volunteers, referees, participants, agents, sponsors, and representatives, and owners/operators of the event facilities (collectively the "Organization") are not responsible for any injury, property damage, death, expense, loss of income, damage or loss of any kind suffered by the Individual during, or as a result of, the Activities.

We have read and agree to be bound by paragraphs 1 and 2

Description of Risks

3. The Parties understand and acknowledge that:
 - a) The Activities have foreseeable and unforeseeable inherent risks, hazards and dangers that no amount of care, caution or expertise can eliminate, including without limitation, the potential for serious bodily injury, permanent disability, paralysis and loss of life; and
 - b) The Organization has a difficult task to ensure safety but it is not infallible. The Organization may be unaware of the Individual's fitness or abilities, may give incomplete warnings or instructions, and the equipment being used might malfunction.
4. In consideration of the Individual's involvement in the Activities, the Parties hereby acknowledge that they are aware of the risks, dangers and hazards and may be exposed to such risks, dangers and hazards. The risks, dangers and hazards include, but are not limited to:
 - a) The sport of volleyball;
 - b) Executing strenuous and demanding physical techniques;
 - c) The failure to properly use any piece of equipment or from the mechanical failure of any piece of equipment;
 - d) Physical contact with other Individuals, participants, spectators, equipment and hazards;
 - e) Contact with, colliding with, or being struck by the volleyball, net, poles, benches, equipment, or other Individuals, participants, or spectators
 - f) Spinal cord injuries which may render the Individual permanently paralyzed;
 - g) Serious injury to virtually all bones, joints, ligaments, muscles, tendons and other aspects of the Individual's body or to the Individual's general health and well-being;
 - h) Abrasions, sprains, strains, fractures, or dislocations;
 - i) Concussion or other head injuries, including but not limited to, closed head injury or blunt head trauma;
 - j) Failure to act safely or within the Individual's own ability or within designated areas;
 - k) Negligence of other persons, including other Individuals, spectators, participants, or employees; and
 - l) Travel to and from the event which is an integral part of the Organization's Activities.

We have read and agree to be bound by paragraphs 3 and 4

Terms

5. In consideration of the Individual’s involvement in the Activities, the Parties agree:
- a) That the Individual’s mental and physical condition is appropriate, and the Parties assume all risks related to the Individual’s mental or physical condition;
 - b) To comply with the rules of the facility and equipment;
 - c) That if the Individual observes an unusual significant hazard or risk, the Individual will remove himself/herself from the area and bring such to the attention of an Organization representative immediately;
 - d) That the Organization may not provide full health, accident, disability, hospitalization, personal property or other insurance for the Individual and the Parties affirm that they have ascertained appropriate insurance to protect the Individual; and
 - e) The risks associated with the Activities are increased when the Individual is impaired and the Individual agrees not to become involved if impaired in any way.

Release of Liability

- b. In consideration of the Individual’s involvement in the Activities, the Parties agree:
- a) That the Parties are not relying on any oral or written statements made by the Organization or their agents, whether in brochure or advertisement or in individual conversations, to agree to be involved in the Activities; and
 - b) To freely accept and fully assume all such risks, dangers and hazards, and possibility of personal injury, death, property damage, expense and related loss, including loss of income, resulting from the Individual’s involvement in the Activities and travel to and from the Activities.

We have read and agree to be bound by paragraphs 5 and 6

General

- c. The Parties agree that in the event that they file a lawsuit against the Organization, they agree to do so solely in the province of Alberta, Canada and they further agree that the substantive law of Alberta will apply without regard to conflict of law rules.
- d. The Parties expressly agree that this Agreement is intended to be as broad and inclusive as is permitted by law and that if any of its provisions are held to be invalid, the balance shall, notwithstanding, continue in full legal force and effect.

Acknowledgement

- e. The Parties acknowledge that they have read this agreement and understand it, that they have executed this agreement voluntarily, and that this Agreement is to be binding upon themselves, their heirs, their spouses, parents, guardians, next of kin, executors, administrators and legal or personal representatives. The Parties further acknowledge by signing this agreement they have waived the right to maintain a lawsuit against the Organization on the basis of any claims from which they have released herein.

Volleyball Alberta Policy Acknowledgement Form

As an individual affiliated with Volleyball Alberta for the current season (September 1 – August 31), I agree to adhere to and abide by [Volleyball Alberta's policies and procedures](#), which include:

| | | |
|----------------------------------|--------------------------------|------------------------------|
| Code of Conduct and Ethics | Refund and Cancellation Policy | Social Media Guidelines |
| Discipline and Complaints Policy | Screening Policy | Appeal Policy |
| Scouting and Recruiting Policy | Concussion Policy and Protocol | Transgender Inclusion Policy |
| Privacy Policy | Use of Personal Information | |

I have the following role with Volleyball Alberta for the _____ season (check as many as apply):

Coach: Director/Volunteer: Athlete: Committee Member:

I also recognize that I must adhere to additional standards particular to my role(s), which are described in the [Code of Conduct and Ethics](#).

Name of Individual Signature Date

Parent/Guardian Name (If Individual is 17 or under) Parent/Guardian Signature Date

Parent's/Guardians of Individual's who are younger than 18:

Parents/Guardians must agree on behalf of their minor as well as accept the policies on their own behalf in their role as a parent/guardian.

As a parent/guardian affiliated with Volleyball Alberta for the _____ season (September 1– August 31), I agree to adhere to and abide by Volleyball Alberta's policies and procedures listed above. I also recognize that I must adhere to additional standards particular to my role(s), which are described in the [Code of Conduct and Ethics](#).

Pre-Season Concussion Education Sheet

WHAT IS A CONCUSSION? A concussion is a brain injury that can't be seen on x-rays, CT or MRI scans. It affects the way an athlete thinks and can cause a variety of symptoms.

WHAT CAUSES A CONCUSSION? Any blow to the head, face or neck, or somewhere else on the body that causes a sudden jarring of the head may cause a concussion. Examples include getting body-checked in hockey or hitting one's head on the floor in gym class.

WHEN SHOULD I SUSPECT A CONCUSSION? A concussion should be suspected in any athlete who sustains a significant impact to the head, face, neck, or body and reports ANY symptoms or demonstrates ANY visual signs of a concussion. A concussion should also be suspected if an athlete reports ANY concussion symptoms to one of their peers, parents, teachers, or coaches or if anyone witnesses an athlete exhibiting ANY of the visual signs of concussion. Some athletes will develop symptoms immediately while others will develop delayed symptoms (beginning 24-48 hours after the injury).

WHAT ARE THE SYMPTOMS OF A CONCUSSION? A person does not need to be knocked out (lose consciousness) to have had a concussion. Common symptoms include:

| | | |
|---------------------------------|----------------------------------|---------------------------------------|
| ▶ Headaches or head pressure | ▶ Feeling slowed down | ▶ Difficulty reading |
| ▶ Dizziness | ▶ Easily upset or angered | ▶ Difficulty learning new information |
| ▶ Nausea and vomiting | ▶ Sadness | ▶ Not thinking clearly |
| ▶ Blurred or fuzzy vision | ▶ Nervousness or anxiety | ▶ Difficulty working on a computer |
| ▶ Sensitivity to light or sound | ▶ Feeling more emotional | ▶ Having a hard time falling asleep |
| ▶ Balance problems | ▶ Sleeping more or sleeping less | ▶ Feeling tired or having no energy |

WHAT ARE THE VISUAL SIGNS OF A CONCUSSION? Visual signs of a concussion may include:

| | |
|---|-----------------------------------|
| ▶ Lying motionless on the playing surface | ▶ Blank or vacant stare |
| ▶ Slow to get up after a direct or indirect hit to the head | ▶ Clutching head |
| ▶ Balance, gait difficulties, motor incoordination, stumbling, slow labored movements | ▶ Facial injury after head trauma |
| ▶ Disorientation or confusion or inability to respond appropriately to questions | |

WHAT SHOULD I DO IF I SUSPECT A CONCUSSION? If any athlete is suspected of sustaining a concussion during sports they should be immediately removed from play. Any athlete who is suspected of having sustained a concussion during sports must not be allowed to return to the same game or practice. **It is important that ALL athletes with a suspected concussion undergo medical assessment by a medical doctor or nurse practitioner, as soon as possible. It is also important that ALL athletes with a suspected concussion receive written medical clearance from a medical doctor or nurse practitioner before returning to sport activities.**

WHEN CAN THE ATHLETE RETURN TO SCHOOL AND SPORTS? It is important that all athletes diagnosed with a concussion follow a stepwise return to school and sports-related activities that includes the following Return-to-School and Return-to-Sport Strategies. It is important that youth and adult student-athletes return to full-time school activities before progressing to stage 5 and 6 of the Return-to-Sport Strategy.

Return-to-School Strategy¹

| Stage | Aim | Activity | Goal of each step |
|-------|--|--|---|
| 1 | Daily activities at home that do not give the student-athlete symptoms | Typical activities during the day as long as they do not increase symptoms (i.e. reading, texting, screen time). Start at 5-15 minutes at a time and gradually build up. | Gradual return to typical activities |
| 2 | School activities | Homework, reading or other cognitive activities outside of the classroom. | Increase tolerance to cognitive work |
| 3 | Return to school part-time | Gradual introduction of schoolwork. May need to start with a partial school day or with increased breaks during the day. | Increase academic activities |
| 4 | Return to school full-time | Gradually progress | Return to full academic activities and catch up on missed school work |

Volleyball-Specific Return-to-Sport Strategy¹

| Stage | Aim | Activity | Goal of each step |
|-------|-----------------------------|--|---|
| 1 | Symptom-limiting activity | Daily activities that do not provoke symptoms | Gradual re-introduction of work/school activities |
| 2 | Light aerobic activity | Walking or stationary cycling at slow to medium pace. No resistance training | Increase heart rate |
| 3 | Sport-specific exercise | Running drills. No head impact activities | Add movement |
| 4 | Non-contact training drills | Harder training drills, i.e. attacking drills. May start progressive resistance training | Exercise, coordination and increased thinking |
| 5 | Full contact practice | Following medical clearance and complete return to school. | Restore confidence and assess functional skills by coaching staff |
| 6 | Return to sport | Normal game play | |

HOW LONG WILL IT TAKE FOR THE ATHLETE TO RECOVER? Most athletes who sustain a concussion will make a complete recovery within 1-2 weeks while most youth athletes will recover within 1-4 weeks. Approximately 15-30% of patients will experience persistent symptoms (>2 weeks for adults; >4 weeks for youth) that may require additional medical assessment and management.

HOW CAN I HELP PREVENT CONCUSSIONS AND THEIR CONSEQUENCES? Concussion prevention, recognition and management require athletes to follow the rules and regulations of their sport, respect their opponents, avoid head contact, and report suspected concussions. **To learn more about concussions**, please visit:
