

We are looking for possible individuals who would be interested in coaching our Senior Girls Volleyball team at our Junior High this upcoming school year (Fall 2022). I have previously coached the team but I have an ongoing injury that is preventing me from continuing to coach. We are located on the west side of Edmonton, Alberta. Due to Covid, we have not had our regular volleyball teams for the last couple of years so we are looking for someone to start rebuilding our program. This is a volunteer position. Tryouts would start mid/late September 2022, with season play from October through November. Practices would be 1-2 times a week after school (330pm start) or in the morning before school (7am start). Games are 1-2 times a week once the season starts and they are usually from 4-530pm. Again, this would be working with Grade 7-9 girls.

Thank you! I look forward to hearing from you.

Sincerely,

**Brianne Mayberry**
