

## 2004 Alberta Volleyball Hall of Fame Awards

### Category: Team

Inductee: University of Alberta Pandas

The University of Alberta Pandas Volleyball team won 6 straight CIS National Championships from 1994-2000. This was a dynasty created by great leadership and a winning attitude; through times of adversity, these champions rose to the occasion and overcame insurmountable odds.

What does it mean to be a champion? Champions have an attitude, a state of mind that sets them apart from the rest. Champions are willing to learn, act and adapt; but most importantly, they are not afraid to fail! They learn from their mistakes and fine-tune their methods until they succeed, and will not settle for anything less. Champions have the courage to fall down and not be discouraged, they pick themselves up and fight for each point until they have met their goals.

This attitude is what made the Pandas CIS Champions for six consecutive seasons. A variety of talented athletes continued the winning tradition every year and believed in each others abilities to perform and expected to win when it counted. An attitude that produced: 4 CIS Players of the Year, 10 All-Canadians, 17 CIS Tournament All-Stars, 24 Canada West All-Stars, 1 Rookie of the Year Award, 4 C.W. Coach of the Year Awards, and 2 CIS Coach of the Year Awards.
